

## Why Us?

At Burgessville, we know and understand the commodity and grain markets. Supplying a wide variety of commodities, protein mixes, grains, and feed ingredients to dairy, swine, beef, and poultry producers, we strongly focus on providing competitive prices and strong customer service.

With a network of connections, we focus on helping grain producers with full service marketing of farm and elevator grains, livestock producers with a full range of bulk commodities and bulk feed ingredients as well as feed mills with a steady, competitively priced flow of supply. Our fleet includes dumps, walking floors, and an auger unit. We cover all areas of Southwestern Ontario, Michigan, and Western New York.

## Calf & Heifer Feeds

BURGESSVILLE GRAIN & FEED INC.

## About Us

Burgessville Grain & Feed Inc. is a family owned and operated feed mill in business since 1982 located directly in the heart of Oxford County in Burgessville, Ontario.

We provide Ontario swine, ruminant, and cattle producers with competitively priced mixes, commodities, grains, and feed ingredients. Accompanied with our products we strive to offer exceptional customer service.

## Calf and Heifer Products

WE CARRY A VARIETY OF FEEDS FROM WALLENSTEIN FEED & SUPPLY LTD. TO MEET YOUR CALF AND HEIFER NEEDS.

### Calf Starters

WFS calf starters are formulated with high quality ingredients to suit the demands of a young calf's early life and promote adequate intake. Including a variety of protein and energy sources, these feeds encourage early skeletal growth, stimulate rumen development, and support appropriate average daily gains.

We offer calf starters ranging from 18%-22% protein levels, available in bags, totes, or bulk!

### Heifer Pellets

Once calves have successfully made the transition to a dry feed diet, WFS heifer feeds are designed to meet their growth and development needs in the most economical fashion.

We offer heifer pellets ranging from 16%-19% protein levels.
